

## LBC Supports Technology Company Growth

recapitalization of

Senior Secured Term Loan

*Sole Lender*

Anexinet Corporation is a leading systems integration and technology management firm, specializing in application development, business intelligence, infrastructure services, mobility, project management, managed services, and cloud hosting services. They are uniquely positioned to meet the growing needs of mid-market and enterprise organizations across the Mid-Atlantic and Northeast regions in a variety of industries. Anexinet has been honored for demonstrating excellence in innovation and implementation of customer solutions.

Anexinet is a portfolio company of Marlin Equity Partners, a global investment firm with an extensive and successful track record in the technology industry. They focus on efforts where their resources can significantly strengthen a firm's outlook and value.

LBC Credit Partners was Sole Lender for a senior secured term loan that will support Anexinet's recapitalization, as well as fund continued growth.

### About LBC Credit Partners

LBC Credit Partners is a leading provider of middle market financing solutions including senior term, unitranche, second lien, junior secured and mezzanine debt and equity co-investments supporting sponsored and non-sponsored transactions. With approximately \$1.75 billion of capital commitments, LBC has made investments in companies located throughout North America across a wide range of industries and is committed to a long-term approach to debt investing.
